Dear Parents,

Books are our Best Friends. Reading not only provides us knowledge but also enhances reader's language and analytical skills. We are thrilled to announce that students can now avail books from school library. Library books will be issued to students of Class3 onwards. Students can get the book of their choice to read and return the issued book within a week. They may get a new book issued in the next library period or get the same book reissued according to their pace of reading.

Looking forward to your cooperation.

Regards

School Librarian
